

Workshop: Higher learning skills and good feedback

Wednesday 10th February 2010, 10:30 to 3:30 pm

Purpose

The purpose of the workshop is to discuss and agree good practice for creating formative assessments for higher learning skills that give outstanding, computer-generated feedback.

Workshop format

You are invited to participate in the general discussion that starts at 11 am and the more detailed group work scheduled for 1 pm. We appreciate that some participants will not be able to stay for the second session

Agenda
